### Assembly Instructions

ITEM	POWER	VOLT
MERLE-FRONT-WHITE	0,5 W	10-18VDC/10-30VDC
MERLE-FRONT-RED	0,5 W	10-18VDC/10-30VDC
MERLE-FRONT-BLUE	0,5 W	10-18VDC/10-30VDC
MERLE-DOWN-WHITE	0,5 W	10-18VDC/10-30VDC
MERLE-DOWN-RED	0,5 W	10-18VDC/10-30VDC
MERLE-DOWN-BLUE	0,5 W	10-18VDC/10-30VDC

# BEFORE YOU START

## Safety information

Read all safety information before using the device to ensure safe and proper use.

The light source of this light fixture is not replaceable, when the light source reaches its end of life the whole unit shall be replaced.

It is extremely important that these instructions are read carefully, and any illustrations studied before commencing installation.

Please keep these instructions for future reference.

## WARNING!

- Electricity can be dangerous.
- Do not attempt to fit installation unless you are competent.
- If in any doubt consult a qualified electrician to complete electrical installation.
- Installation to comply with current IET wiring regulations.
- If you find any damage to the electrical parts, please ask a qualified electrician
- Be aware of electrical voltage on the different models to avoid damage

## Correct disposal

This marking indicates that this item should be disposed of separately from household waste. The item should be handed in for recycling in accordance with local environmental regulations for waste disposal.

## Installation

- Take care when handling and installing to avoid damage to the product.
- Avoid mounting the fitting on a damp surface such as newly painted or plastered area as this could cause discoloration of the finish.

## Cleaning Instructions and Care

- Please disconnect the light before cleaning.
- Take extra care when cleaning and assembling.
- Do not use any chemical or abrasive solutions.

## General Assembly

### For 24V: (add dc/dc 10-30v driver)

1. Drill 2 holes for the screws and 1 bigger for routing the cables through.
2. Route the cables from the light through the hole. Connect cable from converter and cable from lamp using a 3m waterproof connector (see instructions a-b-c below)

Then connect converter according to the electrical diagram.

3. Screw in the light.

### For 12V: (mount only light)

1. Drill 2 holes for the screws and 1 bigger for routing the cables through.
  2. Route the cables from the light through the hole.
- Then connect the light according to the electrical diagram
3. Screw in the light.
