

TUBULAR HEATER INSTRUCTION MANUAL

Tubular Heater :TH01A,TH02A,TH03A,TH04A

YOU SHOULD READ THE MANUAL CAREFULLY BEFORE USING, AND KKEP THE MANUAL WELL.

DISPOSAL

This symbol indicates that this product must not be placed in general household waste. It should be sent to a separate recycling facility for recovery, check Local Authorities for details.

By responsible recycling and separating this product from other household waste it will help protect the environment and human health, as the volume of waste sent to incinerators or land-fills will be reduced and natural resources conserved.

Read all the instructions prior to use.

This item gets very hot: do not touch the tubular heater when it is switched on.

Do not cover the tubular heater as this will cause overheating.

Never place the tubular heater directly on the floor without using the feet.

WARNING: Check product before use: if cord is damaged, it must be replaced by the manufacturer if still under warranty, or a similar qualified person to avoid any hazards

1. Safety Regulations

- **During the first use the heater may emit a small amount of vapour which is perfectly normal. The reason for this is the heating wire element is coated with some lubricant oil during the production process. This will stop after approx 5 minutes after the first use and is not a safety concern.**
- **It is important all electrical devices are plugged into power that is protected by a safety switch.**
- The tubular heater is not suitable for use outdoors in damp weather.
- **Do not** submerge into water.
- Place in a safe place away from flammable objects.
- **Do not** place flammable liquids or gasses near the heater.
- **Do not** place the heater directly below the socket outlet.
- **Do not** let the power cord over hang or touch the tube.
- **Keep out of reach of children and animals** – product gets hot to touch.
- **This is not a toy.**
- Switch off appliance when not in use.
- **Do not** hold the tubular heater by the cord.
- If using an extension cord it must be as short as possible and fully extended.
- Check heater regularly if using with a timer or any other device that switches the tubular heater on or off automatically.
- This leaflet should be retained for instructions on use.

2.Cleaning

Ensure product is unplugged from the mains. Ensure product is completely cold.

Wipe with a damp cloth, then finish by drying with a soft cloth. **DO NOT** use abrasive cleaning powders, clothes or metal polishes on any part of the tubular heater as this will cause damage.

3.Thermal Cut-out

The appliance is fitted with a thermal cut-out. Once the tubular heater has cooled down it will re-set itself automatically. It will then switch on and off until the reason for overheating has been removed.

5.Operation for tubular heater TH01A,TH02A,TH03A,TH04A,TH05A,TH06A

Notice: DO NOT SWITCH POWER ON TO THE HEATER UNTIL IT IS SECURELY MOUNTED .

Step 1. Install the bracket as the picture showed .

Step 2. Fix the tubular heater on the wall or on the floor like the following picture showed .
